

Log In window.

A screenshot of a web application window titled "Chat". The window has a pink header bar with standard window controls (minimize, maximize, close). The main content area is light gray and features a "Log in" heading. Below the heading is a prompt: "Please fill in this form to log in to your account." There are two input fields: "Mail:" and "Password:". Below the "Mail:" field is a "Sign up" button, and below the "Password:" field is a "Submit" button.

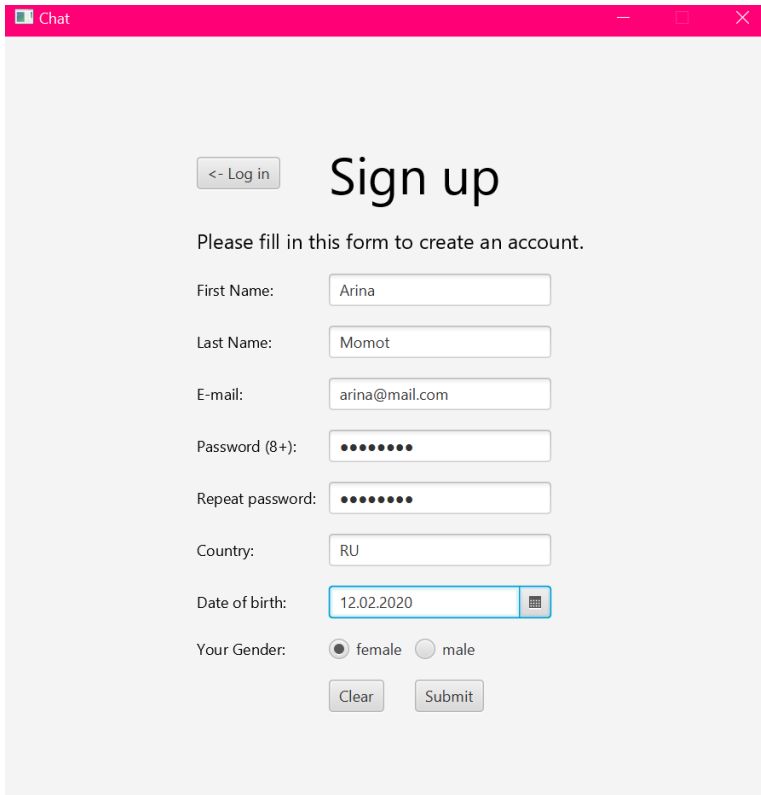

After launching the app, login form will be opened. Here you need to login or register, if you don't have an account yet.

Press the button "Sign up" for creating a new account. The registration window will be open.

If you already have an account, enter your data and click the „Submit“

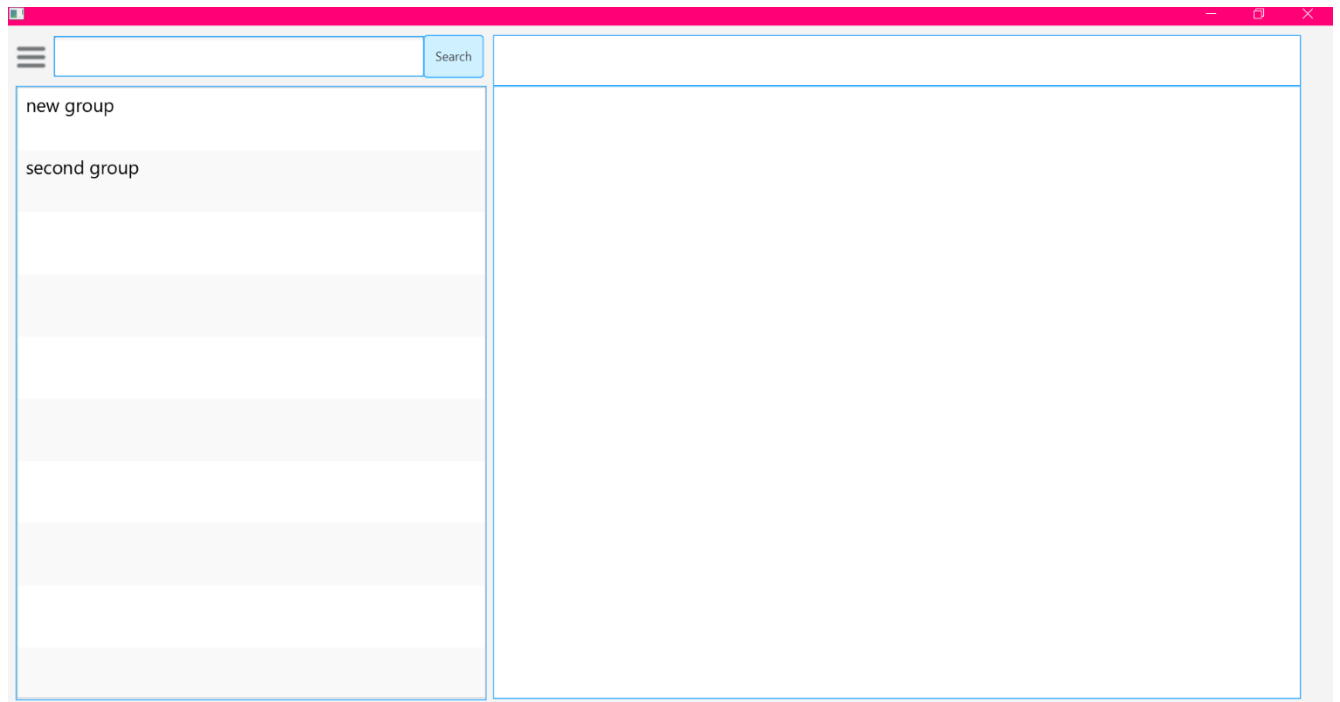

button. After that, the data will be checked. If the data is entered correctly, the main window of the application will open, otherwise the incorrectly filled field will be colored in red and you will need to re-enter data.

Registration window.

A screenshot of a web application window titled "Chat". The window has a pink header bar with standard window controls (minimize, maximize, close). The main content area is light gray and features a "Sign up" heading. In the top left corner, there is a "< - Log in" button. Below the heading is a prompt: "Please fill in this form to create an account." There are several input fields: "First Name:" (filled with "Arina"), "Last Name:" (filled with "Momot"), "E-mail:" (filled with "arina@mail.com"), "Password (8+):" (masked with dots), "Repeat password:" (masked with dots), "Country:" (filled with "RU"), and "Date of birth:" (filled with "12.02.2020" and a calendar icon). Below these fields is a "Your Gender:" section with two radio buttons: "female" (selected) and "male". At the bottom are "Clear" and "Submit" buttons.

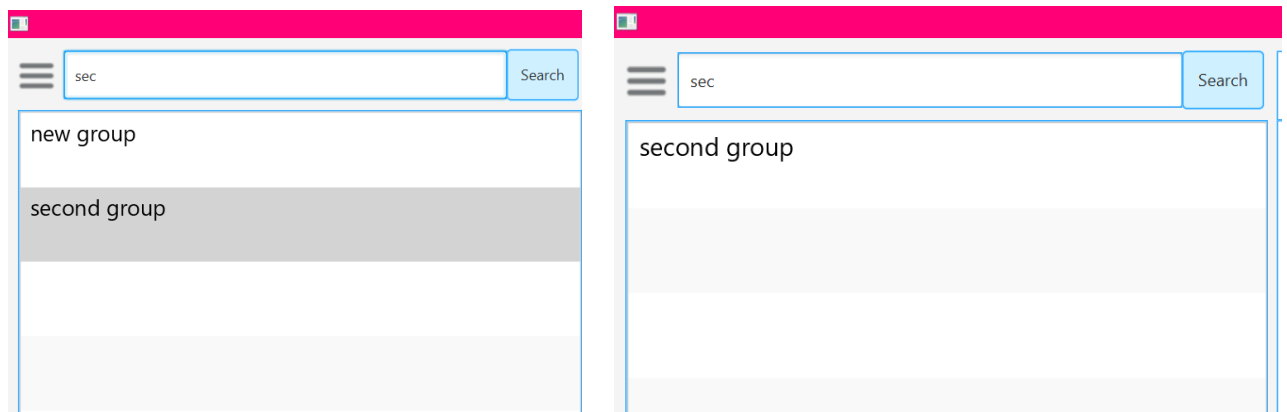

When you click the "< - Login" button, you will go back to the Login window and the entered data on the page will be cleared. When you click the "Clear" button, all fields will be cleared. In this registration window, the user enters their real data and after clicking the "Submit" button, they will be successfully registered, or the fields where the data was entered incorrectly will be highlighted in red.

The main window of application.

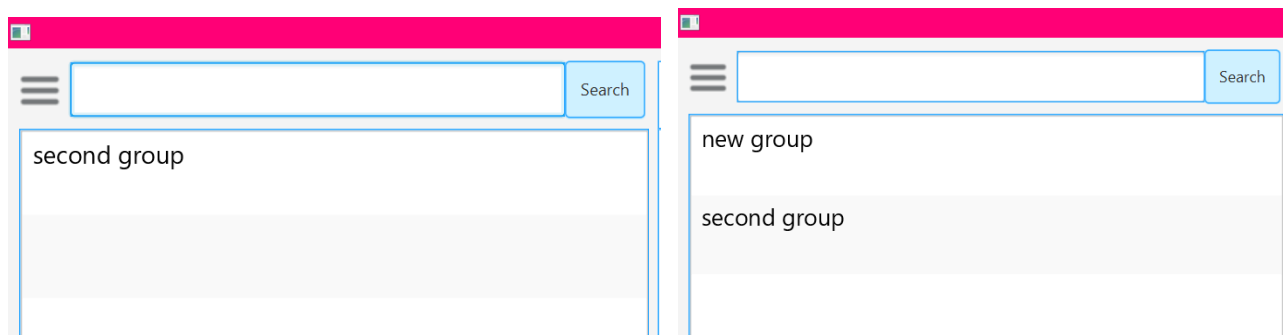

In the left field there is a list of groups that the user belongs to.

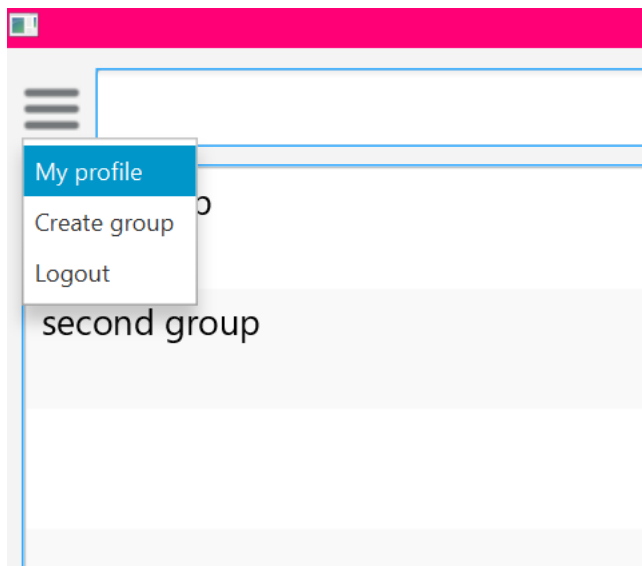

Searching in user's groups.

In the "input" field, you must enter the name of the group you are looking for and find it by clicking the "Search" button.

To see the list of all your groups again, you must clear the "input" field and click the "Search" button.

When you click on the "Manage" button, you will see the "My profile", "Create group" and "Logout" tabs.

A screenshot of a window titled 'My profile'. The window has a light blue background and contains a form for user information. The fields are: Name (Arina), Last Name (Momot), Gender (radio buttons for Male and Female, with Female selected), Status (a dropdown menu showing Online), E-mail (arina@mail.com), Password (empty), New password (empty), Date of birth (04.05.2020 with a calendar icon), and Country (RU). At the bottom, there are three buttons: 'Change password', 'Change information', and 'Delete account'.

The window "My profile".

Here the user can change information about yourself by changing the fields that you want and then clicking "Change information" button.

User can change his status by clicking on tab "Status:" and selecting the one from the list.

Change password by filling in the field „Password“ your password that valid now and in the field „New password“ the new password that you want, then you must click on the button "Change password".

All data will be checked!

User can delete his profile by clicking "Delete account" button.

Title:

Type: ☒ Private ☐ Public

Description:

The window "Create group".

Here user can create a chat group, add its title, select privacy by switching radiobuttons and add a description. The "Create group" button is responsible for creating a group.
